

Alliance Française d'Ahmedabad & Baroda Branch

Since 1982 in Gujarat

Recognised and supported by the French Embassy in India & the Foundation Alliance Française in Paris

Alliance Française d'Ahmedabad: An association becoming more and more professional and which has invested for its future!

Come and Discover our new premises with better and contemporary facilities for our students, members and partners, with always more benefits offered to all.

Aware of the challenges concerning the development of our non-profit association, which welcomes more and more members and students (3000+), we successfully managed the construction of our new premises of 20 000 sq. ft., which opened in April 2013, following the 30 years celebration of the Alliance Française in Ahmedabad.

We now offer to our students and partners different options adapted to their needs and contributions, in terms of advertisement, hospitality, visibility, etc. in an environment in which the architecture of our new premises is the canvas where people can experience natural beauty through a design strategy that encourages interaction with physical environment.

**Schools, companies, artists, individuals, institutes,
the Alliance Française d'Ahmedabad is the place for all your needs!**
